Hyde Park, W.

My dear Mr. Manning

Blanche has asked me to give
you a reference to father's article
on W^m Taylor of Norwich.

It is to be found in Vol 17, Article 9

of The British & Foreign Review
of 1844 - No. 33. In no 34

which is bound up in same
volume in my copy is an

article by father on "Modern
English Dramatists" - you

will probably find no. 33 the

best guide to find the article

you want. If you cannot

get at the series I shall be
happy to send you the Volume
of you wish return it - as I have
but one set -

I am about to leave the office
viz on ~~the~~ Thursday next ^{when} I am
as Lamb says - to be free
as a bird in the air - and
'inter nos' there is a testimonial
coming from my comrades
In case I sh^d want to use
my coat of arms - what

is my coat? Is it that you
kindly sent me. I have no
knowledge of heraldry. I don't
know that I shall require it,
but ask the question in case
I should —

If you see the Curtises please
remember me kindly to them —

I hoped the dear old Doctor
had been a centenarian
he looked so well when I
saw him last year —

We purpose remaining
in London for the present

And if you come up to town
We like to see you. Whether we
continue in town must
depend on farms & farmers:
but at any rate we are fixed
by our lease till March
1896.

Hoping Mrs. Manning and
all yr circle are well.

Believe me

Yrs. sincerely

W. Mowbray Downe.
