Friend

I have but a moment — I send
this by a private hand — I have not heard
from you (nor from England at all) since
the summer — I have written several times

addresses to me Cher Mr Perreux
banquier. Nothing more is known of this
conspiracy which has been so happily
prevented than what has appeared in
the French papers. I am in good
health, & am permitted to remain
in Paris. Y^r D^r F. E. C. M.
