

Palace Yard ^{TM16/15/2}

24. Nov. 1834.

Dear Mr. Manning, -

I write by Papa's wish to
make more sure a visit to
us on your return from Mr.
Elphinstone's: - and from all
of us to say how glad we are
you intend what will give
us all so much pleasure -
and we hope a warm fire side
in this dingy season will so
far rival the Orange Grove
as to give you a comfortably
long

rest in Palace Yard; Mr.
Payne too is returned home
& is anxious for an opportunity
to repair her misfortune of
missing you at Harrogate.

We are all happily met - dear
William crossed from Rotterdam
last Wednesday & had a
fair passage; - Anne came
up from Hambrook on Friday
& we are all perfectly well
& judge how happy. - I come
soon and see.

For you P. P. P. No 1. 2. 3. 4.

1. Papa & Mamma return love.
 2. The paper seemed gilt to me.
 3. You will find more learned eyes now than mine to look over the large Book of prints here.
 4. Your always kindness to us, deserves the sincere thankfulness we feel for it -
- Now Goodbye - perhaps you will write a line to say when.

Most gratefully & affect.

Frances Rickman
