Copper
Laid out

It goes for a week & a week yet they
a long piece I reckon that ^{property} expense laid out
in ~~the~~ ^{harsh} will reach 2 yards think then what
a stream of copper & shilly wd supply. I wish I could find
such a stream any more on my place. I'd cause
the boat had appearance as if the boy had been
^{one of his part} made & more off just as he began to do it

Power of Steam, (Irish Sealleman)

It's ^{quite} intirely past all belafe; by the powers,
I'll be no way surpris'd to find myself going a
