MADNESS

MADNESS

TM/9/1732

as well might be said that the Indian nations were useful in keeping
down the population. One country keeps it down one way, one another.

The same argument for moral' as for the Malthusian system
not being proven either his side. adopt it as from time to time you'll
see such beautiful confirmations!

It seems that we, as we are inferior in arts
sculpture or taste taste &c in our perception of Morals,
state of mankind) means of providing especially a
little reward from Götter.

Who are exhibited the hand in this subject - surely not speakers
in debate when names are chiefly forgotten. Philosophers when when others
is almost waste paper. Her religiousists of the various sects who her dogmas
that are not to be examined. but the great of all ages those whom
we have a opinion approved & excellent in other respects her credit
this upon other subjects (her our culture) of to describe to us. &c

Fault found with provisions made in debate - as
for expurgating or the poor seem to suppose every thing ordered
a first & of the best. if one more were made here, one less
there."

People may say that their evanescent exploded. To
to increase the same in clearly with out increasing other
consideration is a disadvantage No one will do to sensible
men know nothing but this

What is the limit. - suppose all wealth centred in one man
is there a country such - perhaps there is.

Emigration from Scotland & Ireland. Why?

At Independence a good living. Curious

Conciliant program more condemnation of slave trade
Luxury etc. but ask him directly he says no. what then?
either his other reasonings are feeble (ie there is no order in the
world) or he is a knave.

Great mistake in M. in saying that M. are essentially
different from Agriculture. page 432

That one will be idle asked their fellowmen - in itself - we
do not want to let that - so some will be horsebrokers & the like

Suppose a person has full food - it may be his adventure to give up
in order a 2y & have a clean shirt often.

3 Page 495. 500 - what do the mean? - What do the critics
mean say more? It may be better than the state of society.

505. The very title of the chapter is enough

504 also see 505. No cooperation. No! nor in other

systems 508 350.

Clock always
wrong yet ought
to be right

a few pleasant ideas
better than a great
variety.
