Ep 1st
To the bellows

*The Hall was
such a repository

Having so nobly for belly provided,
You ought to consider posterior parts.
Let honors between them be fairly divided
& loudly your praise shall be sounded in parts.

2^d

Here stand the Kitchen, skul'ries, buttries, Hall
& bogs,
In the same place we cook, scrub, swill, stuff,
dung, like Hogs.

3^d

On our bogs how unfair this deriding
They're surely most happily plac'd,
For we see our next dinner providing
All the while we're discharging our last.

4th

The Cook's apology.

You often complain of my meat
As stuff that's fit on by for dogs;
But how can it ever be sweet,
While my Larder's so close to your bogs

TH 19/8/9

In 4th court we ^{Sp: 5th} ~~the~~ Court may trace;
Both are corrupt we see
All ^{more} that go there want a place
Tho few can find one free.

If the Tutor shou^d ^{6th} not be at home when you knock
& you don't chance to see him before
Go to Bogs; there you'll find him about 12 o'Clock
Just mounting his horse at the door.

The reason why such throngs appear
At Cairns to take tuition
Is because ev'ry Scholar here
Has a Shitting Exhibition.

Three times to enter Bogs I tried
But 3 times found it occup'd.
A 4th time towards the place I trot
But find I can't get near the spot
For Finders Bedmakers, stable, spits & brooms
Carts, Horses, Coalporters & Fellows grooms.

Epigrammata Neceparia
 (No 3).

Motto

Let nasty words & thoughts give no offence
 I will not garnish a irreverence.

Ep. 9th

Our Founder followed Nature's plan
 With wisdom most bewitching

She joind the belly & ar-e in man
 They joind the Bogs & Kitchen.

Ep. 10th

All innovation's dangerous

Our Caput-wice reflects;

When Bogs are down they fear we may

Attack the Chaffed next.

Ep. 11th

A reflection in a fourth count.

How skilfully has Cairns disposed his ~~spot~~ of ground!!!
 All necessary things ~~for life~~ may here be found.

Ep. 12th

Of due subordination

Our Founder we're preservant
 Above the Learned Student Ph-es

Beneath him Ph-es the Servant.

TM 18/19

Ep: 13th

Let's petition the Fellows, I've often heard said,
To alter our Bogs. — That's absurd:
Before them if any thing ought to be laid
Let it be at their doors, a ~~good~~ ^{huge} ~~good~~ turn.

Ep: 14th

A Fellow speaks

We use these Bogs in our time, why shouldn't you?
I've been hard for you to escape what we went thro.

Ep: 15th

Our bogs front the Sculries, the reason I ween,
Is to give us a hint to make ev'ry thing clear.

Ep: 16th

Your Tales upon our Bogs pray bring no more
Upon them there were Tails enough before.

Ep: 17
Eatings to shiting near allied.
How strange men tis that claims
So fam'd for eating, shod'nt provide
A better house of ease.

18
The Epigram I now write down
I'm the last that you'll receive
My Boggish muse is costive grown
I no more wipes I'll give.
